SELF CERTIFICATE

ASTRAA Global School, a progressive educational institution under the auspices of DP Education Trust, was inaugurated on April 5, 2023, embodying a vision to illuminate young minds in the developing precincts of Athigathur, Tiruvallur.

Guided by Prof. Dr. D. Alagar Raja, our Chairman & Managing Director, and the proactive leadership of CEO Prof. Dr. P. Neelusree, ASTRAA Global School stands as a paragon of pioneering educational excellence. Prof. Dr. N. Durairaj, our Director of Academics, along with Mr. C. R. Prabhakaran, our Director of Administration, form the backbone of our institution, blending decades of experience with a commitment to innovation and operational integrity. United in our mission, we lead with a focus on nurturing critical intelligence and robust character to prepare students for the challenges of the future.

Our creed is encapsulated by our motto, "Reach for the Stars," a guiding principle that encourages our students to aspire without bounds and achieve with tenacity. We pride ourselves on a curriculum that's as forward-thinking as it is rooted in foundational skills, with flipped learning environments and interactive mastery quests that place students at the helm of their educational journey.

At ASTRAA Global School, we serve a growing family of around 200 students up to grade 8, fostering a culture where academic growth is paralleled with personal development. From the analytical rigor of the Tech & AI Innovation Club to the physical fortitude built in the Sports Excellence Club, we offer a spectrum of avenues for our students to discover their passions and potential.

We stand on the cusp of education's future, continuously refining our approaches to stay aligned with global standards and the needs of our learners. Our commitment is to shape individuals who are ready for the world of today and equipped for the unknowns of tomorrow.

ASTRAA Global School is more than an institution; it is a promise -a promise to nurture, inspire, and empower. We are a reflection of the belief that education is the pillar of progress, and we hold this belief close as we guide our students to shine, not just academically, but as exemplars of character in the world they inherit.
